AGENDA ITEMS, INCLUDING PUBLIC COMMENT

1. Presentation by Don Spagnola, PE, Transportation Program Manager, SLO County regarding the recently updated Pavement Management Plan which includes a long term approach to managing the pavement on County roads. The County is also looking at long term maintenance of sidewalks. The presentation outlines aspects of the pavement plan and sidewalk issues.

2. Presentation by Jessica Berry representing the San Luis Obispo Council of Governments regarding the US101 Mobility Study. The US 101 Mobility Master Plan will evaluate the US 101 corridor countywide to identify the top regional priorities for multimodal improvements and funding strategies. It will be a regional effort to help establish capital project priorities that meets the needs of SLOCOG, the local agencies, and Caltrans. Concurrent efforts include SLOCOG's Bus Rapid Transit Applications Study, Central Coast Intelligent Transportation System (ITS) Plan, Caltrans' Transportation Concept Report and the partnership of the multi-county US 101 Central Coast Coalition.
