

Los Osos Community Advisory Council
Minutes of the Committee on Land Use
August 19, 2014

The Committee on Land Use held its monthly meeting at the Los Osos Community Center on August 19, 2014. The meeting was called to order at 6:00 PM by the Chairperson, Paul Malykont. The only other person attending was Member Carolyn Atkinson.

The only item before us was the Avrea project – a proposal to convert part of an existing property into a vacation rental.

Since we lacked a quorum, we took no action and the review of this project reverts to the full Council.

Respectfully submitted,

Paul Malykont
Chairperson
