

LOCAC Traffic and Circulation
Meeting Minutes June 10, 2014

Attendees - Terry Eselun, Linde Owen, Jeremy Ghent/Public Works, Jan Harper/LOCAC

County Updates -

Pine Street - final street will be narrow due to utilities in rt of way; will be marked - share the road for cycling (class III); there is/will be side berms along road, for drainage; planning and building has added wording in the circulation area of Community update to emphasize multi-modal needs in the area; speed humps will be last item added to finished street; current plan is for completion by end of summer 2015 - for further details contact Glenn Marshall, 781-5252

Santa Ysabel - work continuing for final paving in summer 2015; replacement speed tables will be added after/at final paving.

Circulation Study Update - upcoming for LOCAC to work and update this coming October - good discussion on what this includes - roads, multi-modal (pedestrian, cyclists) emphasis for Los Osos; update on Los Osos road priorities; traffic and speed concerns. Here is a link for the 2009 Study

[www.slocounty.ca.gov/.../circulation+studies/Los+Osos+Circulation+Study+\(Exhibit+B\)+Final.pdf](http://www.slocounty.ca.gov/.../circulation+studies/Los+Osos+Circulation+Study+(Exhibit+B)+Final.pdf)

South Bay Blvd. - overlay planned for this summer, 2014

Linde brought up Santa Ynez with Jeremy, corner of 12th and Santa Ynez, drainage issues; Terry concerned about speed on LOVR in front of mobile home parks - good discussion on speeds, how updated and decided for roadways. With smooth pavement our new normal, important for all to model safe/posted speeds in neighborhoods, around schools, traveling in and out of town on LOVR and South Bay. Community has many youngsters, elders, cyclists, disabled who want to walk, stroll, travel around town safely - let us support their activity.

For information on schedule of road paving - contact Don Spagnola, at 781-5252 for current schedule.

If you notice a road issue - pothole, overgrown corner/road area, other - contact Public works at 781-5252 and let them know.

J.Harper
