

July 8, 2014  
LOCAC Traffic and Circulation

Meeting called to Order at 5:35

Attendees: Andres Eulate, Bill Kraft, Larry Bender/LOCAC, Amy Higgins, Linde Owen, Alissa Feldman/LOCAC, Jan Harper/LOCAC

No County Update.

Discussed areas of concern - reminder to all to call unsafe issues (potholes, corner visibility issues/overgrown vegetation, road hazard, road degradation) to 781-5252.

Santa Ysabel - information that road will be completed next spring, why? the integrity of road is hazardous. Suggestion that County crew drive weekly, identifying potholes, hazardous areas, work on for safe route.

Santa Ysabe between 16th and 17th - road stone on north side. Roadways need to be swept after work, safety issue for cyclists.

LOVR from Palisades to 10th street - ROUGH for vehicles, steel plates too high, not flush to road bed.

Pine - safety issues for cyclists and pedestrians - request status of No Parking ordinance along road.

4th from Pismo to Ramona - unsafe area for pedestrians, request no parking on west side on block.

LOVR from Doris to Pine - parking in Bike Lane.

4th at Paso Robles - pile of dirt left, blocking walkway.

Bay View Heights - curve above fire station/Highland, has heavy use, unsafe area for walking, cycling.

11th Street at Nipomo - signage confusing as to work, status of road.

Shoulders around town need to be restored after LOWWP work. Unsafe for pedestrian use.

Mush frustration with work, timelines - request that roadways/shoulders are left safe for all forms of modality as work continues.

Andres brought up the 2008 LOVR Corridor Study, which is to become part of the Draft Community Update Plan. He talked about looking at the study. he sees some areas for

more input. Group decided to prepare and work through document at August meeting (August 12, 5:30 pm). Email to follow with link to study and input /ideas to think about from Andres, for further discussion.

Thank you to all attendees. See you at the August meeting - Jan Harper

*Two further items discussed from July meeting -*

Santa Ysabel and South Bay Blvd - suggestion for installation of a sensor trigger for cyclists.

Monarch School area - travel to school safety - status of "School Ahead" signage from LOVR  
South area.
