

LOCAC T&C Mtg

September 13, 2016

- Call to Order

Attendees - M.Foley, D.Bowlus, B.Boyd, Y.Mohabbat/SLO Co Public Works, J.Harper/LOCAC

- County Updates -

Santa Ysabel traffic calming, contract will be finalized this week, work to be done in October, will last 3 to 4 weeks - re-installation of tables at various intersections.

Nipomo and South Bay Boulevard - traffic light installation in future/next two years. County will bring back data as to reason.

Pine at LOVR - issue discussed at previous meeting (difficult to turn left/east onto LOVR from Pine during heavy traffic times; westbound traffic on LOVR - people passing on left/crossing double line into east, as traffic slows to turn right/north onto Pine; difficult RTA bus turn onto Pine), no update on further work in area.

LOVR at 9th - no signage update -issue discussed at previous meeting (transition area on LOVR from 2 lanes to 1 going east on LOVR and right turn lane onto 9th St).

Monarch Grove School traffic safety - group continues discussion and concern about Fearn/Rosina/Skyline/Doris area. Jan and Mr Foley to meet/communicate with school Principal to discuss. Jan to reach out. More information at future meetings on next steps for group.

When calling the County's road issue 'ReportLine', 781-5252, for vegetation issues - report to the tree crew; for pot holes/street issues - report to road crew.

- Jan brought up possibility of group looking at the road priorities in the LO Circulation Study, most current - this will allow the County to understand community preferences. The document can be found on the SLO County WEBSITE ([slocounty.ca.gov](http://slocounty.ca.gov)), under Public Works, search for it by name 'Los Osos Circulation Study'. There is a 2013 update. Updating the priority listing will be a topic at future meetings.

- Adjourn
