

Oct 11, 2016 Minutes

LOCAC Traffic and Circulation Mtg

- Call to order

- Attendees - M.Vella, S.Moler, J.Moler(sp),M.Britton/County, L.Tornatzky/LOCAC C.Szarek, M.Foley, M.Hood, Y.Mohabbat/County, L.Owen, J.DeNunzio/SLOCOG, D.Hunter/LOCAC, B.Boyd, D.Bowlus, J.Harper/LOCAC

THANK YOU all for attendance and participation.

- County Updates

* Stop Light at South Bay and Nipomo - in future plans, no date identified at this time - the location has 4 of the 9/10 identified qualifications for stop light installation.

* 4 way stops will be installed in the future at - El Moro and 12th Street and Santa Maria and 9th Street.

* LOVR and Pine - discussion, no planned updates at this time.

* 4th and Pismo traffic study - Y.Mohabbat presented to group, showed current calming project has slowed traffic at intersection. Report hard-copy to D.Bowlus to get copy to J.Kreps. Thank you Dave!

* Overnight RV camping - no past discussion history.

* Palisades at LOVR, toward library, west side of street, weed filled walkway hard to use, safety issue for pedestrians. Requested County to clear walkway.

* Discussion of Pismo and Los Olivos at South Bay - how to make safer for vehicles exiting and entering on to South Bay.

* LOVR at Fairchild - will future stop light be installed - unsafe intersection with Post Office traffic.

* 2016 Update LO Circulation Study Update - M.Britton, County Transportation CIP Program Mgr, introduced himself and discussed process, done yearly, it is an annual statement of account, will be presented to Board of Supervisors in Dec (thought Dec 13th). Report available on Public Works WEBSITE (search SLO County, Public Works, LO Circulation Study).

* 2016/17 Chip Seal and Micro/Slurry Projects - brought up concerns of cyclists - M.Britton said county is aware of the issue. It is important to use the correct size of chip and allow the work 4 or more hours to solidify after completed.

- Monarch Grove Discussion/Prep for Mtg with school officials - discussion on point/s to make during mtg. Area of Fearn/Doris/Skyline/Rosina area in vicinity of school. Concerning safe travel to school - What are you aware of? What are your plans? How can we work together? J.Harper and M.Foley will attend mtg and report back. Was suggested that J.Ghent, County be invited to mtg. J.Harper to extend invitation.

- Roads - Priorities, how to address - tabled to December meeting - listing of roads can be found in the 2016 Update LO Circulation Study, see above for locating on County WEBSITE.

- Other Items

* Local Item - "Measure J", J.DeNunzio, SLOCOG Transportation Planner, introduced himself and presented topic, 9 year, 1/2 cent county sales tax for identified transportation projects in county, all monies will be used in county, fielded question/concerns. (Projects for Los Osos - LOVR Multi Use Path; El Morro Avenue Path; \$2,500,000. additional maintenance funding). T&C Committee supports the passage of this measure. See further information in Measure J-16 Supplemental Voter Information Pamphlet and SLOCOG WEBSITE.

* M.Vella presentation - Vacating of easement at 1050 Pismo, between 9th and 10th Streets in conjunction with SLO County Public Works. Mr. Vella is looking to change the deed's legal description such that it will articulate the real, current use of the space on Pismo, it will not change anything in the current physical layout of the Pismo bike and pedestrian path. He passed out a handout of location, answered questions/concerns from attendees. The owners of 1061 Pismo are also working to vacate their easement and were in attendance. LOCAC T&C supports Mr. Vella in his effort.

- Adjourn

*****No meeting in November - Election Day*****

Next T&C Mtg, Tuesday December 13th, 5:30pm

Next LOCAC Mtg, Thursday October 27th, 7pm, SBCC
