

Alejandro Wolniewitz | District 3 Candidate

I live here. I care about this place. That's why I got involved with LOCAC.

For the past several months I've been working with the council to help more people in Los Osos know it exists and understand what it can do for them. That work showed me something: LOCAC matters, and it needs people who are willing to show up.

So I'm running.

Los Osos doesn't have a city council. No mayor. No local government. LOCAC is how this community speaks to San Luis Obispo County on the things that shape daily life here. Land use. Transportation. The environment. Your neighborhood.

I'm not a politician. I'm a neighbor who got involved and decided to go further. I'd be honored to represent District 3.
